## Monitoring Pupil Progress

### Homework

Homework is an important training in self-discipline. A reasonable amount to complement and reinforce the work done in the classroom is set during the week. It is graduated according to the pupil's age and capacity. The time for its completion is unlikely to exceed two hours for year 8 and 9 pupils; two and a half hours for year 10 and 11 year pupils, and three hours for year 12 and sixth form.

Each pupil will be provided with a student planner to note the homework to be done for each day. Parents are requested to check the student planner against the homework being done and help to ensure that homework is carefully and honestly done. Parents are requested to sign the planner each week.

It is important that pupils should be given privacy, quietness and reasonable facilities for study at home. Homework should be presented on time; excuses for non-production of homework must be in writing from the parent or guardian.

### Pupil Tracking Reports

A constant check is kept on the work of each pupil. Approximately twice a term class teachers assess the efforts of each pupil in their particular subject. Parents of pupils in years 8 – 14 will receive a copy of each tracking report via the SIMs Parent App.

Those pupils whose work is deemed to be unsatisfactory will be put on report and parents are informed. The pupil is given a card to be signed in class by the teacher and at home by the parent over a two-week period. This is done to try and ensure that all pupils work to the best of their ability.

In Years 8 – 10, pupils who do exceptionally well, receive congratulatory letters.

Achievement and endeavour are also recognised through our Achievement Points and House System.

### Reports

Reports are issued twice a year for each pupil in years 8, 9, 10 and 11. Parents of year 12, 13 and 14 pupils will receive a report following the mock examinations in January.

Reports are published via the SIMs Parent App. At the end of the summer term all pupils' parents/guardians, except those taking external examinations, receive a report. These are the main and most important reports on pupils' school life and parents are requested to consider them carefully.

## School Policies and Procedures

A positive child-centred ethos is at the heart of Ballycastle High School. This is encapsulated in our school's mission statement and our aims.

It is our intention to give pupils the opportunity to develop a positive self-image and the capacity to live as independent motivated adults who have the ability to function effectively as contributing members of society.

Ours is a vibrant school community. The teaching in the school provides pupils with a broad and balanced education, in line with the Northern Ireland Curriculum which promotes the spiritual, intellectual, social, emotional, physical, cultural and aesthetic development of each individual.

To this end, and to ensure the smooth running of our school, we have a number of school policies in place which support our school aims and ethos:
